KADUR DISTRICT.

(Nos. 379 TO 408.)

SUBJECT No. 379.

Quarters to officials in semi-malnad.

Mr, B. Sitaramaiya, Chikmagalur Taluk.

Withdrawn.

SUBJECT No. 380.

Improvement and drainage of Chikmagalur town.

Mr. C. Srinivasa Rao, Chikmagalur Taluk.

Summary of discussion.—Owing to the havoc committed by plague in Chikmagalur since 1902, it is prayed that the Government may be pleased to grant a sum of Rs. 50,000 for the improvement of the sanitation of the town. Early action may also be taken in the matter of providing an efficient drainage system for Chikmagalur. A sum of nearly Rs. 1,500 has been spent from the Municipality on preliminary surveys, etc., but no further action has been taken. For want of good drainage the townspeople suffer largely from pneumonia, typhoid fever, bronchitis, etc.

The congested parts of Chikmagalur require clearing. For this, funds are necessary. The question of levying tolls on the roads entering Chikmagalur might be taken up.

Reply of Government.—The question is under consideration.

SUBJECT No. 381.

Water-supply to Chikmagalur town.

Messrs. C. Srinivasa Rao, Chikmagalur Taluk, and G. Abdul Khaliq, Chikmagalur Municipality.

Summary of discussion.—The present water-supply to the Chikmagalur town is insufficient and defective. Steps should be taken to place it on a satisfactory footing.

(2) The outstanding Government debt on water works of Chikmagalur may be written off as the Municipality is poor, and large sums are required for repairs to filter beds and reservoir.

Reply of Government.—(1) The Chief Engineer has been requested to inspect the works and suggest improvements.

(2) Will be considered.

SUBJECT No. 382.

Repairs to Bhutana Gandi channel.

Mr. B. Sitaramaiya, Chikmagalur Taluk.

Summary of discussion.—The channel that runs from Sitalayyana Matt is breached in many places and is in disrepair. As this channel will serve as a good feeder for the Ramanahalli channel and be useful for the water-supply to the Chikmagalur town, it is requested that it may be ordered to be repaired.

Reply of Government.—Will be referred to the Public Works Department for investigation.
